Sevenity in Foreign Markets Influences a Strong Opening SHOWS A DECREASE

SHORTS HASTILY **BID IN STOCKS**

Substantial Gains Are Made in Prices.

NEW YORK, March 29.-The unex pected serenity of the foreign markets and the renewal of very definite reports of peace negotiations, together with sharp advance in Americans at London influenced a strong opening here. The absence of trouble at the London settlement emphasized the significance of the improvements in Americans there There was hasty bidding in by shorts, and first prices showed substantial gains in railroad and industrial stocks.

A sensational break of a point in Sugar

A sensational break of a point in Sugar on smail sales had no influence upon the general list. The tone, however, is not without some feverishness.
Railroad bonds irregular. Wabash "B's" strong and up 1 per cent.
London bought stocks in fully as large a volume this morning as were sold on arbitrage account yesterday. There was what was regarded as banking buying all around the room. The sales included 5,000 Union Pacific, 5,000 Baltimore and Ohlo, and 5,000 United States Steel preferred.

cluded 5,000 Union Pacific, 5,000 Baltimore and Ohlo, and 5,000 United States Steel preferred.

A feature of the market was an urgent borrowing demand for Union Pacific. Four firms borrowed 10,000 shares of this stock shortly after the opening for immediate delivery and it is supposed that this demand represented in part the requirement of uptown bear operators who sold the stock heavily short yesterday. Room traders sold the market and offered stocks down shortly after the opening on an idea that liquidation could be forced again, as it was yesterday. Room traders were sellers of Union Pacific. When they found that stocks did not come out freely, they quickly turned buyers.

Local operators attached importance to the fact that Kuhn, Loeb & Co. and J. P. Morgan & Co. have joined in financing the new issue of Pennsylvania bonds and they considered that the conjunction of these firms indicated strongly that there is a substantial basis for reports of closer relations between New York Central and Union Pacific.

There was little feature to the market around the noon hour. A trickle of liquidation was met by buying for the short account which maintained a fair steadiness in tone to the list. The bear operators were quiet and the market took on a holiday character for the time being.

REAL ESTATE NOTES.

Harry Wardman has bought, through Moore & Hill, a lot 56 by 100 feet, on Twenty-second street, below Massachusetts avenue, on which he will erect a five-story apartment house to be called The Sheridan. It will have a brick and stone front and the general style of architecture will be modern Flemish. There are to be four apartments on each floor. The total cost of the improvement, including the ground, will be about \$75,-000. DISTRICT EXPLOYES

POSTMASTER WILCOX CALLS AT WHITE HOUSE

Mr. Willcox is anxious to have thirty new carriers for the New York office to do service in the Bronx.

motive common expects to be able to carry that stock considerably higher.

It is probable that the appointments of a number of architects, chosen by President Roosevelt to advise with the heads of departments, will be withdrawn. The reason for this is that the law forbids their serving without compensation, and Congress has passed no appropriation.

The President will not however, do without the services of the architects, it is understood, but will ask them to be a consulting committee to which the heads of departments may go for expert opinion whenever they desire their advice. California is attractive at all season of the year, and this is one of the mos HELD NOT NEGLIGENT In an opinion submitted this morning,

*Apprentice allowance. Treasury officers in New York say they have advices that it is not the in-tention of the Treasury Department at Washington to make any call for Gov-ernment deposits in national banks for some time, probably not until next June.

The increasing prominence of industrial stocks is very encouraging to those who have been trying to develop speculative interests in the more trustworthy securities of that class, and predictions are confidently made that greater activity in this direction will be seen. It seems likely to become an effective argument that, as the bull market has been based largely upon industrial conditions in this country, the industrial securities ought to bull profitably. Postmaster Willcox, of New York, who is in Washington on official business, called at the White House today.

Washington Traction issues also were more active, although nearly all the trading in them was done after the call. The preferred closed at 93 bid and 93% asked, but after the call 400 shares sold at the latter price and 150 at 93%. The common, of which on the call fifteen shares had been sold at 35 and 35 at 34% at closed at 34% bid and 34% asked, and after the call 500 shares were taken by one broker at 35. There was no trading in the bonds, which closed at 33% bid and 5% asked.

Washington Traction issues also were all all 500 shares were taken by immigration, the population of Washington showed a decrease of seven persons during the week ended March 25.

The Health Department's report for that period shows a total of 137 deaths as against 130 births. The death rate for the entire population was 23.2 per 1,000. During the same period last year there were 150 deaths.

The most alarming feature of the health report for the week is the marked increase shown in fatalities from pneumonia, that disease claiming 22 victims, while consumption, with 13 deaths, was the same as last week.

Mr. Shonts' Career.

Mr. Shonts was bore in Crawford.

Mr. Shonts was born in Crawford county, Pa. He graduated from Mon-mouth College in 1876, and received the degree of M. A. from that institution three years later.

three years later.

He entered upon his railroad career in July 1881, and Until May, 1882, was superintendent of the Iowa Construction Company. Then for four years he was general superintendent of the Clover Leaf road, officially known as the Indiana, Illinois and Iowa Railroad. In 1886 he became its general manager, and June, 1898, its president.

Mr. Shonts, Judge Charles E. Magoon, and Chief Engineer John Findlay Waliace will be the three principal members of the canal commission. Magoon will be the governor of the canal zone. Wallace will have supreme charge of all the engineering features. Shonts will have general charge of the Panama Railroad and Steamship Company, and executive supervision over the entire canal work.

Colonel Edwards' Career

Colonel Edwards' Career.

The other members of the commission to be appointed, with one exception will be engineers, who will act as advisory board to assist Chief Engineer Wallace.

ful in his management of affairs in connection with the Philippines, when prompt and efficient action was necessary, that the President and Secretary Taft believe he would make an excellent canal commissioner, a position where just such attributes are required. The only hes tation they have arises from the fact that he would have to give most of his time to the canal work. They fear the interests of the Philippines would suffer in less competent hands.

His name is, however, being seriously considered. It is possible he may be appointed.

LEGAL NOTICES.

One hundred dollars was paid in the police court today by John E. Mattern, who conducts a cigar store near Seventh and E Streets northwest, and who was convicted by Judge Kimball on a charge of setting up and keeping a gaming table. He entered a plea of guilty to the charge.

Mattern was arrested several weeks ago in his store by Detective Grant and Mullen. The polic eallege that he has been making books on the races ofr years. When his place was raided a number of envelopes containing money and the names of horses played by those to whom the money belonged were found by the sleuths who were armed with a search warrant.

Instead of being charged with making book he was compelled to face a charge of setting up a gaming table.

advisory board to assist Chief Engineer Wallace.

The law requires that an army officer and a naval officer be appointed on the commission. The representative of the navy will probably be an engineer.

If the present views of the President and Secretary of War Taft prevail, the army ocer may be Col. Clarence A. Edwards, present chief of the Bureau of Insular Affairs of the War Department.

Engineers to Be Named.

Colonel Edwards has been so successful in his management of affairs in connection with the Philippines, when prompt and efficient action was necestary and a necestary of the service occurred tonight you would lose all that you possess, or, at least, part of it. The Safest Investments

Are those that do not depend upon the financial responsibility or the stability of financial responsibility or the stability of any individual or corporation. First deeds of trust (mortgage) notes liberally secured on good real estate in the District of Columbia constitute "gilt-edged" investments. These are the only kind we make and supply to investors. They bear interest, payable semi-annually, at the rate of five per cent per annum, and may be had of us in amounts from \$500 and upward at par and accrued interest. Send for booklet, "Concerning Loans and Investments."
